pÜL = Practical exercise according to § 6 Abs. 4 Satz 2 ABMPO/NatFak

- 1) The specified distribution constitutes a recommendation only.
- 2) Unless otherwise indicated, these are graded examinations.
- 3) Selection from among modules that are not part of the chosen area of specialisation (consolidation modules). The range of elective modules may be extended.
- 4) The ungraded module can be replaced by an internship of at least six weeks.
- 5) Participation in the research colloquium is compulsory. The research colloquium includes various lectures on current research work at the FAU Institute of Geography as well as lectures by external experts. By participating in the colloquium, students gain additional insights into selected examples from research and work areas of social and natural science practice beyond the preparation of their master's thesis. The participation is documented in a colloquium pass.
